fabricators Nickell then presents all sides of each story allowing the evidence to speak for itself For each relic Nickell evaluates both the corroborating and contradictory bodies of evidence and explores whether the relic and attributed miracles can be reconstructed In addition to his own experiments Nickell presents findings from the world s top scientists and historians regarding these controversial objects of reverence and ire explaining the circumstances under which each case was examined Radiocarbon dating and tests to determine the validity of substances such as blood or patina indicate a variety of possible origins Nickell even reveals some of the techniques used to create archaeological forgeries and explains how investigators have exposed them Each relic is a mystery to be solved guided by the maxim extraordinary claims require extraordinary proof Nickell seeks only the truth
