

Project name:	Blueberry Project
Date:	July 1, 2025

Summary

The Blueberry Project is a long-term project with the goal of improving the quality of blueberries.

The project is currently in its 3rd year, and progress has been steady. The average berry size has increased by 5%, and the average sugar content has increased by 3%.

There have been some setbacks, however. Last year, there was a fungal infection that caused the loss of 15% of the crop. This year, there has been a drought, which has affected yield.

Despite these challenges, the project is still on track to achieve its goals. The team is currently working on developing a new cultivar that is resistant to fungal infections. They are also working on increasing the amount of water that the plants can store.
